CHARLES ELLIOTT

Park Ridge, Illinois, U. S. A.

INTRODUCTION.

I cannot compete in price with those who sell inferior stocks, but my quality is always **"The World's Best."**

Although the 1921 season has not been a very encouraging one from the standpoint of the Sweet Pea enthusiast, it served to demonstrate the superiority of my stocks.

Practically fifty per cent of the premiums awarded at the exhibition of the American Sweet Pea Society in New York, went to the product of my seeds, while all but one of the entrees in the Sweet Pea Show of the North Shore, Ill., Horticultural Society was grown from my seeds, the premier award, (Silver Challenge Trophy), going to one of these exhibits. On June 13th, at Lake Forest, an Award of Merit was given to an exhibit of undisseminated varieties, of my own origination, these varieties will be heard of again.

A very short crop of seed of these varieties rendered it necessary to hold these over until another season.

Sweet Pea seed of finest quality is still at a premium, and intending customers should place their orders early in order to avoid disappointment. This list will be found complete with all the varieties of value to Sweet Pea Lovers. The quality of these being the finest obtainable.

Having for many years given my undivided attention to this race of beautiful flowers I am in a position to give expert advice regarding their culture, and patrons will find me ever ready to reply to any inquiries they wish to make.

Sincerely yours,

CHARLES ELLIOTT.

Member: American Sweet Pea Society.
National Sweet Pea Society of Great Britain.
Scottish Sweet Pea and Rose Society.

NOVELTIES FOR 1922
(Ready for Immediate Delivery)

DAISY K. ELLIOTT. (Elliott)

Every grower loves a good doer, in this new variety we have one of the strongest growers ever offered, plants grown on four stems produce wonderful flowers, in bunches of four on great stems, the ground colour is white with a broad band of bright rose. This variety was 100 per cent true in 1921.

Per packet 10 seeds, 35c; 3 packets, \$1.00.

CONQUEST. (Dickson)

A distinct and attractive variety. The large and beautifully waved flowers are flushed and deeply edged rich salmon pink on a pure white ground. This variety was true in the N. S. P. S. trials at Reading.

Packet of 12 seeds, 35c. 3 packets, \$1.00.

CRIMSON GLOW. (Stevenson)

Rich deep velvety crimson, which glows in the sun, distinct from any other crimson, good sturdy habit and gives plenty of fours.

Packet of 10 seeds, 35c. 3 packets, \$1.00.

DIGNITY. (Dobbie)

A very beautiful creampink. (This variety threw one rouge at the N. S. P. S. trials).
